A Complete Solution for all your Closed/Open Caption Requirements

Etere manages all your closed caption and subtitling requirements from live playout to production and post-production, providing the best returns for your investment. Etere provides all the format compatibility you need in a single license, including CEA 708, CEA 608, DVB, and ARIB closed captioning. It is one of the most advanced closed caption solutions available on the market with cutting-edge features, including web preview and Google Speech-to-text for up to 120 languages/variants. It is also swift; closed captions can be inserted or edited before the broadcast. With Etere, you are empowered with a complete solution that provides all the tools you need to prepare, control, embed, manage, verify and deliver closed and open captions.
